Frequently Asked Questions
re: McLean’s Driving Assessment Program

1. **How do I make a referral?** Physicians may simply call 860-658-3998 and provide the client’s name, address and phone number to be contacted by McLean. A prescription for a “Driving Evaluation” is needed, which can be faxed to us at 860-658-3764. Please include a diagnosis or ICD9 code and any other pertinent information that might be helpful.

2. **How does the client obtain an appointment for a Driving Evaluation?** McLean will mail a packet of information to the client with necessary forms that need to be filled out and signed. If they prefer, the forms are available on our website [www.mclean.org](http://www.mclean.org) under Outpatient Rehabilitation. McLean will call the client to set up an appointment. Typically, an appointment can be given within a week or two of receiving the necessary paperwork.

3. **How long does the assessment take?** McLean’s Comprehensive Driving Assessment generally requires at least three hours. Typically, appointments are scheduled either at 8:30 a.m. in the morning or 1:00 p.m. in the afternoon.

4. **Does the assessment include an on-road assessment?** Yes! McLean’s Driving Assessment includes:
   a. 1 ½ hour pre-driving clinical assessment at McLean
   b. 1 – 1 ½ hours behind the wheel in McLean’s dual control vehicle. Any adaptive equipment that the client may need is also available (such need is determined during the first 1 ½ hours).

5. **Does McLean send a report to the DMV?** No. The results of the client’s Driving Assessment are shared with them and their family at the end of the three-hour assessment, including any recommendations. The report is sent only to the referring physician, unless otherwise requested by the client/family.

6. **How much does the assessment cost?** Cost for the three-hour assessment is currently $575.00 (cash or check only).
