

January 29, 2021

Dear McLean Patients, Residents and Families,

We are sending an update today to let you know of one employee who tested positive for COVID-19. This employee is isolating at home. Contact tracing is complete, and anyone who had been potentially exposed has been contacted individually by our care team.

We will continue conducting surveillance testing of all assisted living and skilled nursing residents and staff, as well as our mitigating strategies until we have two full weeks of 100% negative COVID-19 test results.

Thank you for your support as we work diligently to care and protect our community. If you have any questions, please do not hesitate to reach out to us directly.

David Bordonaro
President

Lisa Clark
Vice President, Administrator of the Health Center
