

November 15, 2020

Dear McLean Patients, Residents and Families,

We are sending an update today to let you know of a resident who tested positive for COVID-19 as a result of our surveillance testing. This resident is isolating in a positive section of Evergreen Way, consistent with our previously developed cohorting strategy.

Anyone who has been potentially exposed has already been notified by our care team, and additional precautionary measures have been implemented to prevent any possible spread of the virus.

We will be conducting surveillance testing of all assisted living and skilled nursing residents and staff, as well as continue our mitigating strategies until we have two full weeks of 100% negative COVID-19 test results.

Thank you for your support as we work diligently to care and protect our community. If you have any questions, please do not hesitate to reach out to us directly.

David Bordonaro  
President

Lisa Clark  
Vice President, Administrator of the Health Center
