

Hi! My name is Daisy, and I am a girl scout! I am currently a Cadette, which is the level where I am completing my Silver Award. The Silver Award is a community service based project that allows girls to find an issue they care about, and try and find a solution. For mine I have made these scavenger hunt cards for kids to use while hiking at Mclean Game Refuge!

These scavenger hunts are made for kids to use while they are out hiking. There are two separate hunts. The Mini Scavenger Hunt is made for younger ages, while the Junior Scavenger Hunt is made for slightly older ages, or if you just want a little bit more of a challenge. All you have to do is just cross off the box when you see that feature somewhere along the trails. We remind you that this is only for looking, not touching! Please leave everything right where it is! And remember to have fun!

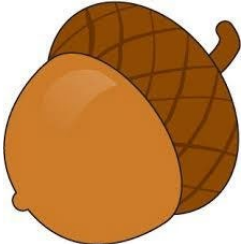

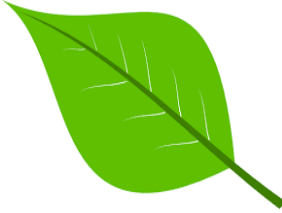

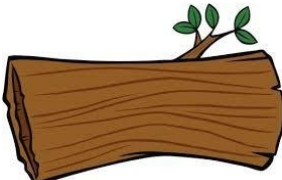

After you complete the hunt please post on Facebook or Instagram using the hashtag:
