

May 20, 2021

Dear Residents, Patients and Families,

We are sending an update today to let you know that one of our employees, who works in our health center, has tested positive for COVID-19. They are currently isolating at home. Contact tracing is underway and those identified as having been potentially exposed have been or will be notified individually. We are completing round one testing and we will give you an update when we all results are received.

In order to follow CMS protocol, we have suspended inside visitation for all neighborhoods. Compassionate care and end of life visits may still occur. Small group activities and small group dining will be able to continue on each neighborhood. The beauty/barber shop is temporarily closed. You are welcome to schedule an outside or virtual visit through our online scheduling system at <https://mcleancare.simplybook.me/v2> or by contacting Kathy Cookson at kathy.cookson@mcleancare.org or 860-658-3725.

If you have any questions, please do not hesitate to reach out to us directly. Please find our cumulative data below.

David Bordonaro
President

Lisa Clark
Vice President, Administrator of the Health Center

Cumulative data below is from March 2020 to May 20, 2021
