

September 9, 2024

Dear McLean Health Center Families, Employees, and Residents,

Per a continued CMS requirement, we are writing to keep you informed on our current COVID-19 status. We have one employee in the health center (no neighborhood exposure) and one resident who lives on the Robinson neighborhood and they have both tested positive. Contact tracing has been completed and anyone with a potential exposure has been notified.

- If you are not feeling well, please do not visit.
- We are currently, strongly encouraging all residents and visitors to wear surgical masks and socially distance from others.
- Visitors are welcome to visit all neighborhoods. We are asking for visitors to please not comingle – once you have visited with your loved one, please exit the building.
- Staff on the positive neighborhoods are wearing KN95s.
- Staff are wearing N95s when caring for COVID positive residents.
