Did You Know...

Presented by the McLean Environmental Action Committee

- **The green take-out containers from the Pines must be returned, washed or not?**
- **No glass or ceramic items go into the trash because of breakage?**
- **Shredded paper cannot be recycled because it jams the machines?**
- **Containers and bottles must be clean for recycling?**
- **Boxes should be broken down?**
- **Electronics and small appliances do not go into recycling?**

Thank you to the residents who completed the "green surveys" last month. The committee will analyze the responses and share the summary results in the near future.

Congratulations to the Wickershams, whose survey was drawn at random from all of the completed surveys. The prize was lunch for two at a local restaurant.

FROM THE DESK OF THE DIRECTOR

Welcome Fall!

Summer is coming to a close and soon we will be enjoying the beauty of Fall.

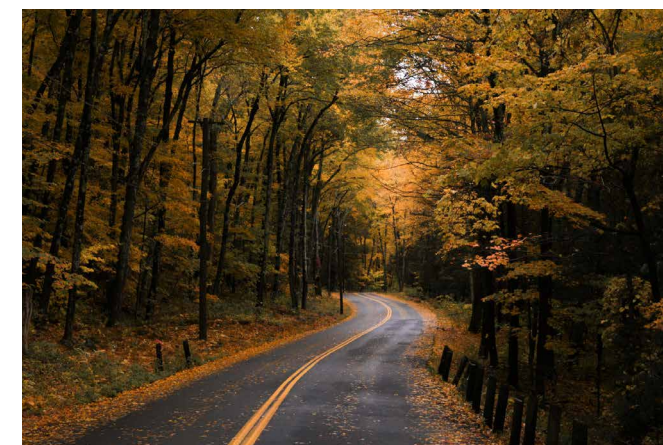

I personally cannot wait to once again view the fall foliage on full display from the terrace! With more temperate weather, Fall is a great time to get outdoors and enjoy a brisk walk while admiring the change of season.

Helpful tip: Emergency personnel find it very helpful if you have a sheet in your home listing current medications as well as your date of birth and emergency contact information. A common space to keep this is on top of your fridge.

Reminder: If you have any changes in your emergency contact information, please be sure to inform the office.
