Did You Know...

Presented by the McLean Environmental Group

The fashion industry’s energy-intensive methods and complex supply chains contribute between 8% and 10% of the world’s carbon emissions—more than the aviation and shipping industries combined.

- *Frontiers in Environmental Science*

Plastic contamination in food and drink has reached a 5-year high. A list of recent recalls can be found at this site: www.PlasticPollutionCoalition.org

BOUNDLESS

September 2025

FROM THE DESK OF THE DIRECTOR

Phone scams seem to be increasing in frequency. Technology continues to make it easier for scammers to find out basic information about you and your family. They can even disguise their voices as someone you know. These scammers are VERY convincing!

Never give out:

- Credit card information
- Bank information
- Social Security numbers
- Any personal information

If it sounds too good to be true, it usually is! One suggestion is to have a “key” word or phrase that you share only with your family to use as identification. That way, if you get a call from someone claiming to be a family member, you have a "test" to know if it's a scam.

If you receive any of these calls or others that you feel are questionable, please call the police department's non-emergency line at 860-658-3100 to report the calls.

Megan Gill
