Frequently Asked Questions
re: McLean's Driving Assessment Program

1. **How do I make a referral?** Physicians may simply call 860-658-3745 and provide the client's name, address and phone number to be contacted by McLean. A prescription for a "Driving Evaluation" is needed, which can be faxed to us at 860-658-3764. Please include a diagnosis or ICD-10 code and any other pertinent information that might be helpful.

2. **How does the client obtain an appointment for a Driving Evaluation?** McLean will mail a packet of information to the client with necessary forms that need to be filled out and signed. If they prefer, the forms are available on our website www.mcleancare.org under Outpatient Rehabilitation. McLean will call the client to set up an appointment. Typically, an appointment can be given within a week or two of receiving the necessary paperwork.

3. **How long does the assessment take?** McLean's Comprehensive Driving Assessment generally requires at least three hours. Typically, appointments are scheduled either at 8:30 a.m. in the morning or 1:00 p.m. in the afternoon.

4. **Does the assessment include an on-road assessment?** Yes! McLean's Driving Assessment includes:
    a. 1 ½ - 2 hour pre-driving clinical assessment at McLean
    b. 1 – 1 ½ hours behind the wheel in McLean's dual control vehicle. Any adaptive equipment that the client may need is also available (such need is determined during the first 1 ½ hours).

5. **Does McLean send a report to the DMV?** No. The results of the client's Driving Assessment are shared with them and their family at the end of the three-hour assessment, including any recommendations. The report is sent only to the referring physician, unless otherwise requested by the client/family.

6. **How much does the assessment cost?** Cost for the three-hour assessment is currently $615.00 (cash or check only).
